

## Clinic adds eye services

In January, the Clinic added eye care to its list of basic medical services, thanks to an addition of ophthalmology equipment purchased with a donation from the Merten Foundation and the volunteer services of optometrists, Drs. Randy Prestash and David Bjork.

“We’re grateful to be able to offer eye care to Clinic patients that need it, particularly our diabetic patients,” said Mary Reich, the Clinic’s executive director.

Drs. Prestash and Bjork see patients referred by the Clinic by appointment. In addition, the Clinic is working to add a process for patients to secure low cost eye glasses.

The Clinic hopes to expand the hours it sees patients in the future. The Clinic encourages optometrists or ophthalmologists with an interest in volunteering, to contact Mary at 262-569-4990.

## Recycle it!

When you’re done reading every word of the Clinic’s newsletter, don’t you think others in our community would be equally fascinated with all the great stories and interesting facts in our newsletter?

### Recycle It\*!!

Please consider leaving your completely read but gently used newsletter at your:

- Coffee shop
- Church
- Health club or gym
- Doctor’s or vet’s office
- Auto repair shop
- Office

*\*Don’t forget to ink out your name & address first!*

## DID YOU KNOW?

- Through the first three months of 2010, **the Clinic had 925 patient visits** — a record number and a **23% increase** over the first three months of 2009. **Please consider the Lake Area Free Clinic in your giving plans this year to help us meet this unprecedented need — thank you!**
